Odour Control Systems

for the wastewater industry

ergapc.co.uk

01

Odour & H₂S Control

- Regenerable carbon filters
- Bio-trickling filters
- Chemical scrubbing systems

02

VOC & Hydrocarbon Emission Control

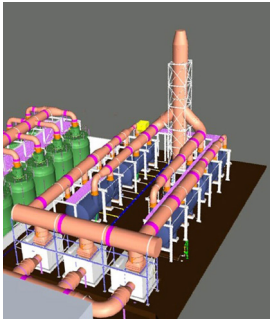

- Carbon filtration & bio-trickling filters
- Regenerative Thermal Oxidisers (RTOs)
- Recuperative & direct fired thermal oxidisers
- Diesel & mineral oil scrubbing

03

Effluent Gas & Water Treatment

- VOC stripping
- H₂S stripping
- NH₃ stripping

04

Consultancy & Engineering Support

- Front End Engineering Design (FEED)
- Basic engineering packages
- Dispersion modelling & odour mapping
